

NOTICE TO PATIENTS REGARDING CHOICE OF SUPPLIERS

Your physician has recommended that you receive a Magnetic Resonance Imaging (“MRI”) or a Computed Tomography (“CT”) study in the course of your diagnosis or treatment. These services can be provided to you directly by Piedmont HealthCare. Although we are confident that Piedmont HealthCare will be able to meet your health care needs, you have the option to receive the MRI\CT study directly from another supplier.

If you wish to receive your MRI\CT from another supplier, you will need to contact that supplier to schedule an appointment. In making a decision regarding which alternative supplier to use, you may want to consider whether the supplier participates in your health insurance plan and the cost to you.
